

PROPELLING YOUR WORK & BUSINESS

T J S P E A K S

T.J. provides speaking services that propel listeners beyond their comfort zone and into their maximized potential. This isn't motivational speaking; this is sharing real world experience that helps others look at their business & work differently. It forces the listener to make the tough choices and changes that have a lasting impact in their work and businesses.

TJ speaks on a variety of topics including (but not limited to):

- Effective leadership,
- Culture change and employee engagement
- Team development
- Current industry/policy climate and impact
- Your company financial story
- Social media, marketing and platform building for individuals and businesses

Speaking topics include:

- How to Build (and keep) your Best Team
- Growing Beyond your Bottom Line
- Line of Sight-Maximizing your Company's Resources
- The Only Two Things that Matter in your Business
- Every Company is a Media Company

Other topics pertaining to: business growth, employee retention, and maximizing business potential or have TJ customize topics according to your event.

Audiences include:

Industry/Trade organizations
Employee training and workshops
Your organization
Business and trade conferences
Business owner groups
Business peer groups
College, University or Alumni Associations
